

Sammamish Plateau Water and Sewer District Bi-Monthly Water Rates

BASE CHARGE - Each customer class has a bi-monthly fixed charge for water service based upon meter size:

Meter Size	Base Rate
3/4" Meter	\$26.82
1" Meter	\$46.47
1 1/2" Meter	\$78.39
2" Meter	\$118.60
3" Meter	\$241.84
4" Meter	\$361.58

SINGLE FAMILY RESIDENTIAL – In addition to the base charge, single family residences are charged a consumption charge of water metered, imposed incrementally as a block charge. The block rate is for each cubic foot (cf) of water used. There are 7.48 gallons in each cubic foot:

Block 1	Block 2	Block 3	Block 4
0 – 1,200 cf \$.0203 cf	1,201 – 2,400 cf \$.0256 cf	2,401 – 5,000 cf \$.0306 cf	5001 + cf \$.0513 cf

OTHER CUSTOMER CLASSES All other customer classes are billed the fixed charge based on meter size and a seasonal consumption charge for each customer class. The winter seasonal charge is imposed for water bills sent during the months of November through June, and the summer seasonal charge is imposed for water bills sent during the months of July through October:

Customer Class	Nov-Jun	Jul-Oct
Multiple Family	\$.0164 cf	\$.0284 cf
Commercial/Institutional	\$.0157 cf	\$.0427 cf
Irrigation w/ Audit	\$.0447 cf	\$.0447 cf
Irrigation w/o Audit	\$.0754 cf	\$.0754 cf

This rate schedule shall take effect with utility bills sent on or after July 5, 2010 for water consumption provided during such billing period.

Sammamish Plateau Water and Sewer District

Bi-Monthly Sewer Rates

KING COUNTY/METRO SEWER CHARGE – Single family residential customers have a bi-monthly fixed charge for King County (previously METRO) sewer service for sewage disposal.

Non-Single Family Residential customers have a bi-monthly fixed charge for King County (previously METRO) sewer service for sewage disposal which includes 0-1500 cubic feet of water use. These customers are charged an additional consumption charge for water use over the 1500 cubic feet. The consumption charge noted is for each additional cubic foot of water used.

	Base Rate	Consumption Charge
Single Family	\$63.80	None
Non SF Residential	\$63.80*	\$.04253 cf

* Includes up to 1500 cubic feet of water usage during the billing period.

SAMMAMISH PLATEAU CHARGES - **Single family residential** customers have a bi-monthly fixed charge for sewer service which includes 0 - 400 cubic feet of average winter water use. These customers are charged an additional consumption charge for water use over the 400 cubic feet. The consumption charge noted is for each additional cubic foot of water usage.

Average winter water use is the average of the customer's three full billing cycles billed between the months of December through May of each year. The average winter water use is calculated on June 1st of each year and is the basis for sewer billings for one full year until the next June when a new winter average will be computed.

New customers without three full billing cycles during the winter will have an average winter water use of 1500 cubic feet until such time that an average winter water use is established.

Non-single family residential customers have a bi-monthly fixed charge for sewer service which includes 0 - 400 cubic feet of water use. These customers are charged an additional consumption charge for water use over the 400 cubic feet. The consumption charge noted is for each additional cubic foot of water usage.

	Base Rate	Consumption Charge
Single Family	\$ 10.83**	\$.0270*** cf
Non SF Residential	\$ 10.83**	\$.0274 cf
Grinder Pump	\$ 41.63	

** Includes up to 400 cubic feet of water usage during the billing period.

*** Amount for each cubic foot of the customer's average winter water use over 400 cubic feet of use.
